Flexible Power Access

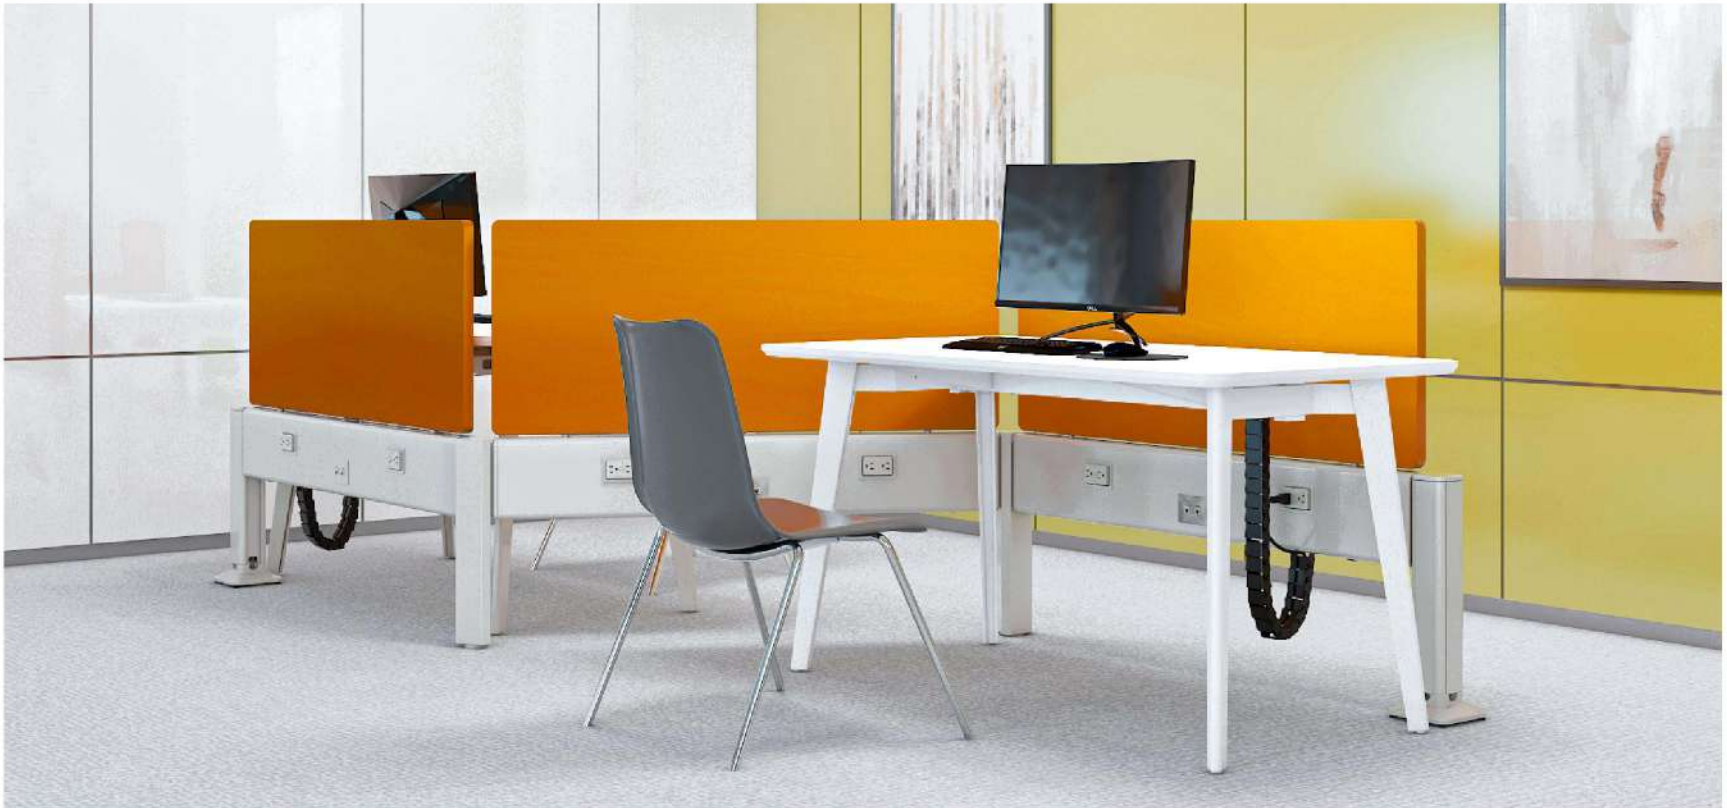

With five width (36"W, 42"W, 48"W, 60"W, 72"W) as well as multiple configuration options (straight, 90° and 120° connections), Power Beam allows you to create a multitude of configurations using either height adjustable or fixed height tables.

Power Up / Collaboration

Aesthetic and Functional Variety

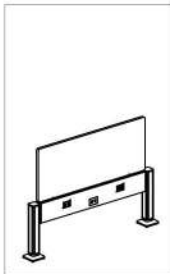

Features

- VPB beam system provides professional level power and data management.
- Beam and rail solutions create linear, but flexible power systems that pair with the freestanding desk solutions.
- Power is practically portable with a spine that can be arranged in multiple configurations suited to individual, departmental and organizational needs.
- This versatile collaborative fence system gives you a reason to get excited about power.
- Standard duplex outlets, powered USB receptacles and data outlets may all be housed along the beam for easy access no matter the application.
